Another Garmin classic is when you look for how to install a micro SD card it says you can do that and then it shows you a picture of the end of an Edgge 1000, not an Edge Explore, describing how to move the rubber piece and install the card and the rubber piece is non existent on an Edge Explore. With 15GB of internal memory

this may not be an issue. My concern is when I want to install Europe

Using the watch is fairly simple and can be figured out without reading the entire user's manual. The watch does let you customize the watch face and pick out data displays on the app. This is much easier and more efficient than doing it on the watch, which can be quite tedious and time-consuming. The Pace 2 watch lets you

choose from indoor and outdoor modes for running, cycling, and
